Name: Betterday
One-line Pitch: “Your better day starts now”
User: Anybody that struggles with maintaining a routine and feels like they need a more organized life.
The Core Loop: The user inputs their schedule and what they struggle with scheduling, The app will take their inputs and then create a schedule for the user so they can have a strong healthy routine.

Must-haves: A schedule, information and methods for improving lifestyle, and being able to save user’s data.
Nice-to-haves: Calendar file imports, accounts
Won’t do: Chatbots, no warm tones
Look & feel: Calming/Cooltones/Green/
